Pattern  
Instructions

### You will need:

Printer \*Print at 100% A4  
Your finished embroidered panel  
Backing fabric (30cmSq/12Inch Sq)  
Hanging ribbon/cord  
Stuffing of your choice  
Sewing needle, Sewing thread  
Sewing machine (optional)

# Instructions

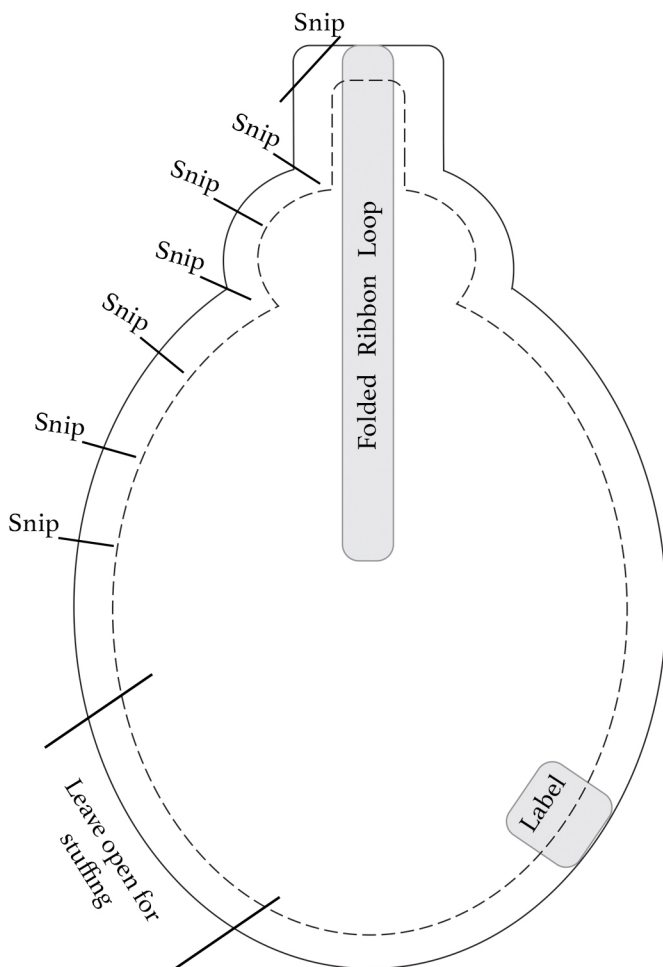

Note: All Seam Allowances are 1cm/0.39Inches. The fabrics do not have a right/wrong side, “right and wrong side” are used for construction purposes. You can stitch by hand or machine.

1. Cut out your embroidered panel and the backing panel.

Place these front sides together  
place your hanging ribbon and  
label between these 2 layers.

2. Stitch all around the edge, but leave  
a section unstitched (for the stuffing)

3. Make small snips all the way around  
into the stitched seam - this will help  
with ease and remove bulk when you  
turn the piece right sides out. - Turn  
the piece right sides out

4. Press the seam as best as you can.  
Fill with stuffing and hand-stitch close  
the opening.

1cm / 0.39Inch SA
